at Salakti in Kokrajhar district of Assam. Feasibility Report for the project has been finalized in September, 2006. Further, North Eastern Electric Power Corporation Ltd has proposed to set up a 480 MW coal based thermal power project in Margherita, Assam. Subject to timely clearances/approvals, these projects are envisaged for commissioning during XI Plan.

Power projects in private sector

†1450. SHRI DILIP SINGH JUDEV: Will the Minister of POWER be pleased to state:

(a) the number of power projects in private sector under construction as on the 31 March, 2006 along with the locations thereof;

(b) the names of the projects along with the quantum of power generated on each financial closure during the period between 1st April, 2003 and 31st March, 2006;

(c) whether electricity generated in power projects of private sector is also being utilized for rural electrification schemes; and

(d) if so, the details of electricity received from these projects and utilization thereof?

THE MINISTER OF POWER (SHRI SUSHIL KUMAR SHINDE): (a) to (d) As per information available with the Central Electricity Authority (CEA), the details of power projects in private sector under construction as on the 31st March, 2006 and the quantum of power generated from these projects during 1st April, 2003 to 31st March, 2006 are given in Statement -1 and Statement-ll respectively. *(See* below)

The electricity generate by the private power projects in connected to the Central/State Grid and the power is utilized for all categories of consumers including rural electrification.

†Original notice of the question was received in Hindi.

Statement -I

Details of Thermal and Hydel Power Projects which were under Construction (As on 31-3-2006) in Private Sector
